

Jet Cutters

GEODynamics Legacy® Jet Cutters are designed to cut common tubing and casing sizes from 2-3/8" to 7-5/8" O.D., without damaging the outer string. The jet cutter is an explosive device incorporating a new, improved design, which guarantees effective cutting and ease of assembly. GEODynamics jet cutters are available with all required components necessary for your pipe recovery job, including shock subs and cutter detonators. A detonator adapter is included with each cutter.

FEATURES/BENEFITS

- Alternative to chemical cutter and radial cutting torch
- Can cut under tension and compression
- Can be used in fluid or gas
- High pressure/high temperature applications
- Flaring comparable to other industry standard cutters
- Zero to minor pitting on external string
- Can be conveyed on wireline, slickline, CT or tractor
- Reduces need for high-risk chemical cutters onsite

Jet Cutters

SPECIFICATIONS

Recommended Pipe O.D.	Part Number	Product Name	Cutter O.D.	Total Exp. Load per Assy (g)	Pressure Rating (psi)	Recommended Application Range
2-3/8" Tubing / Drill Pipe	CT-1687-030	Cutter, Tubular 1-11/16" RDX	1-11/16"	15.0	20,000	2-3/8" O.D. 4.7# - 4.85# 2-3/8" O.D. 5.95#
